## HOLD ORDINATION SERVICES TODAY

Procession of Bishops, Professors and Candidates for Ordination.

### IMPRESSIVE SCENE.

**Musical Feature of Occasion—Exercises Attended by Large Congregation—Some From This City.**

The regular ordination services, which always follow the close of the session at the Episcopal Seminary near this city, were held at eleven o'clock this morning in the Seminary Chapel. Morning prayer was said at half-past seven o'clock by the Rev. Alfred R. Berkeley, of Philadelphia, and the Rev. T. Getz Hill, of Smyrna, Delaware.

The procession of bishops, professors and candidates for ordination formed in Prayer Hill and marchd vested in their appropriate robes to their places in the choir and chancel, the bishops present, being the Right Reverend Robert A. Gibson, D. D., Bishop of Virginia, the Rt. Rev. Alfred M. Randolph, D. D., Bishop of Southern Virginia, the Rt. Rev. W. L. Gravatt, D. D., Coadjutor Bishop of West Virginia, and the Rt. Rev. Beverley D. Tucker, D. D., Coadjutor Bishop of Southern Virginia. The sermon was preached by the Rev. W. H. H. Powers, D. D., of Towson, Md.

The following persons were ordained deacons by the Right Reverend Robert A. Gibson, Bishop of Virginia, Messers. Guy Edison Kagey, presented by the Rev. Prof. S. A. Wallis, D. D., Giles Buckner Palmer presented by his uncle, the Rev. Giles B. Cook, Walter G. Parker, presented by the Rev. Prof. Berryman Green, D. D., and Sidney Thomas Ruck, presented by the Rev. W. D. Smith.

Those ordained to the priesthood by Bishop Gibson were the Rev. Churchill Gibson Chamberlayne, P. L. D., presented by the Rev. Robb White, Jr., the Rev. Churchill Jones Gibson, B H., presented by his brother, the Rev. A. Stuart Gibson, the Rev. Conrad K. L. Goodwin, M. A., presented by his uncle, the Rev. E. L. Goodwin, D. D., and the Rev William Taylor Willis, presented by the Rev. Prof. S. A. Wallis, D. D. The Rev. Devall Langhorne Gwathmey, B. A., presented by the Rev. Prof. W. C. Bell, D. D, was ordained to the priesthood by Bishop Randolph. After the ordination the Holy Communion was administered to the ordinands, clergy and students and the service closed with the benediction.

At the commencement yesterday a simple and beautiful form of reception to the ministry of the Protestant Episcopal Church was used by Bishop Coadjutor Gravatt, of West Virginia by which he admitted the Rev. Mathias Madert, a former priest of the church of Rome as a presbyter of the Episcopal Church in the diocese of West Virginia. The Rev. Mr. Madert will have the church in Union West Virginia. He had been a priest in the church of Rome for ten years, being educated at the University of Louvain, Belgium, for work in America.

The deacons were assigned as follows: The Rev. Walter G. Parker to Woodberry Forest School, the Rev. Giles Buckner Palmer to Woodstock, Va., and the Rev. Sidney T. Ruck, to work along the James River in Goochland and Fluvanna counties. The Rev. Guy Edison Kagley, who was ordained by Bishop Gibson, for Bishop Thomas of the Missionary District of Wyoming, will be assigned to work in the District.

Mr. George Leckinly, the other member of the senior class, will be ordaind in a short time, by Bishop Woodcock, of Kentucky, and will be assigned to the church at Owensboro, in that state.

The services were very impressive and were attended by a large congregation. The musical portion was well rendered by the choir under the able leadership of the organist of the Seminary Chapel, Dr. Harryman.

## NEWS OF THE DAY

The Democratic State Convention of North Carolina, hissed and voted down almost unanimously a woman suffrage resolution yesterday, but got into a hot fight on the initiative and referendum, which Governor Craig vehemently opposed. The suffrage measure never reached the stage of discussion, jeers at it being followed by a motion to table.

Rear Admiral Mayo has been instructed not to permit a blockade of Tampico by Mexcaan gunboats. A clash between Rear Admiral Mayo and Commodore Azueta, commanding the Mexican fleet, is expected. Huerta has ordered the Bravo, the Zaragoza, and the Progrezo not to permit the landing of arms for the rebels at Tampico. The instructions give to Admiral Mayo authority to use force if it is necessary. Huerta's instructions to Azueta are equally implicit. Those who know Commodore Azueta know that he will endeavor to put Huerta's orders into effect.

Commander Rice and Lieut. Thomas S. Creswell were drowned yesterday when a seaplane in which they were making a flight over Southampton, England, water suddenly plunged into the sea.

Mrs. Jennie May Ainsworth-Eaton-Ainsworth, who remarried her first husband in Washington, Wednesday, following her acquittal of the murder of her second husband, Rear Admiral Joseph G. Eaton, U. S. N., retired, at the close of the ceremony received a telegram announcing that her daughter, Miss Dorothy Ainsworth, is also to be married. Miss Dorothy, who is but seventeen, is said to have rejected seventeen suitors and has not yet divulged the name of the lucky eighteenth. He was one of four young men who have been pressing their suits for some time past. Miss Ainsworth is now at Colonial Beach with her mother and father.

Cora Hartman, twelve- year old daughter of Edward Hartman of Boyd's, Md., an employe of the Baltimore and Ohio as pumper, at Washington Junction, was struck by the Baltimore and Hagerestown train No. 41 last night and instantly killed. The girl was standing on westbound track while an eastbound freight train was passing, right near her home, and did not hear the oncoming train. Engineer Gannon did not see the child until within several hundred feet of her, and tried hard to stop and repeatedly sounded the whistle.

James Hicks, a farmer, 69 years old, who lives with his nephew, G. H. Hicks, near Halfway, Md., attempted three times within 15 minutes yesterday to commit suicide. He is at Washington County Hospital in a critical condition. Although downcast and in ill health for some time, relatives had no intimation that he contemplated suicide. After finishing a hearty meal, he broke a bottle into small pieces, which he swallowed; drained a bottle of iodine and then stabbed himself with a knife, the blade puncturing his liver. His relatives found him bleeding, but conscious.

Indictments were returend against 36 officials and members of the National Association of Master Plumbers and officials of state organizations in Illinois, Wisconsin, Michigan, Minnesota, Missouri, Nebraska and Iowa by the Federal Grand Jury at Des Moines, yesterday afternoon. The indictments charge conspiracy in restraint of trade in violation of the Sherman Anti-Trust Law. It is specifically alleged that the National Association of Master Plumbers has been operating in violation of law ever since its organization in 1884, and that it has continually conspired to interfere with the business of plumbers and Plumbing-supply houses.

After deliberating for fifteen hours the jury which has been trying Miss Mae A. Sullivan's $225,000 breach of promise suit against millionaire Arthur I. Hoe reported to Supreme Court Justice Cavegan in New York yesterday morning that it was unable to agree upon a verdict. The jurors stood eight to four in favor of Miss Sullivan, and this situation did not change all through the night and early morning deliberation. The result of the first ballot was eight to four, and it was the same on the last ballot. Both sides immediately notified the court that they would move for an early retrial of the case.

## CONSOLIDATION OF WOMEN SOCIETIES

Methodist Home and Foreign Missionary Organizations Unite.

### MEMBERSHIP OF 5,000.

**Represent Societies of M. E. Church South in Virginia, Maryland, and District of Columbia.**

The Women's Home Missionary Society and the Woman's Foreign Missionary Society, two of the most important organizations of women connected with the Baltimore Conference of the Methodist Church South, have consolidated and in the future there will be one organization to be known as the Women's Missionary Society which will have complete charge of all the missionary activities of the church. The new society will start with a membership of over 5,000 women representing all of the churches in Maryland, the District of Columbia and Virginia which are under the Baltimore conference.

The action in consolidating the two organizations was taken yesterday afternoon in the Washington street M. E. Church South where the annual meetings of both societies have been in session for the past three days. A joint session was held and the plans for the consolidation agreed upon. Both branches of work will be continued a provision being made for a corresponding secretary and treasurer of the foreign department and similar officers of the home department.

The following officers of the new society were elected: Mrs. T. J. Copeland, president; Mrs. W. H. Ballingee, first vice president; Mrs. John Paul Tyler, second vice-president; Mrs. J. J. Printup, third vice-president; Mrs. J. E. Norwood, fourth vice president; Mrs. Emma Peppler, corresponding secretary, foreign department; Mrs. Henry Knowles, corresponding secretary, home department; Mrs. R. G. Mowbray, recording secretary; Mrs. W. P. Johnston, treasurer, foreign department; Miss Annie Clemments, treasurer, home department.

The society adjourned this afternoon after having planned out a large amount of work for the coming year.

### PREPARING BIG TIMES.

One of the largest excursions of the season will go to Marshall Hall next Thursday with Alexandria Nest of Owls. This will be their first annual excursion and every effort will be made to make it surpass any river excursion that has ever gone from Alexandria. The American Indian Guards Band has been engaged and will furnish the music. Dancing will be a feature of the day and evening, and an interesting program of "stunts" will be pulled off. Three prizes in gold will be awarded to the holders of excursion tickets.

### GIVEN HEAVY SENTENCE.

**Danville Blind Tiger Fined $200 and Given Twelve Months.**

Danville, Va., June 5.—What is said to have been the heaviest sentence ever imposed in the State for a violation of the Byrd liquor law was meted out here in the corporation court when Lewis Robinson, colored, was given twelve months in jail, fined $200, a bond of $500 for his good behavior forfeited and he will be required to give bond for $1,000, all for selling whisky without a license.

Robinson has been often arrested on a charge of violating the liquor laws, but only once before has he been convicted. The present case has been pending on appeal since last December.

LOST—May 30, at or between Catholic cemetery and Sharon Chapel cemetery, K. and P. watch charm and fob, engraved on back A. J. G. B. to H. F. April 25, 1914. Suitable reward if returned to H. Friedlander, 410 King street. 5-3t.

### CEREMONIES AT ARLINGTON.

**Storm Interferes Materially With the Interesting Exercises.**

The thunderstorm which struck this city and vicinity near the close of yesterday, broke over Arlington National Cemetery while President Wilson was addressing a great crowd, gathered for the unveiling of the monument erected there to the Confederate dead. Torrents of wind-driven rain drenched the Blue and Gray veterans, women and children before they could seek shelter, and then there was a wild dash for automobiles and trolley cars, participants and spectators alike forgetting the almost finished program.

The President, who had cut short his speech as the rising wind and darkening skies announced the storm's coming, hurried to his car with his two daughters, Mrs. McAdoo and Mrs. Sayre. They were inside before the rain came, but the machine's top afforded but poor protection against th fury of the elements and the party was thoroughly drenched before the seven-mile drive from the Virginia hills back to Washington was over. Roads were strewn with branches and along the route many automobiles with wrecked tops or torn tires were passed. The President's machine made the trip safely, however, and soon drew up before the White House.

Within a quarter of an hour after he arrived at the White House he left again, going to the Mayflower, which steamed about 7 o'clock for Annapolis. The President spoke there today at the commencement exercises of the United States Naval Academy.

The ceremonies were held at the base of the magnificent monument in the Confederate section of the Cemetery. Only a slight canopy afforded protection to the speakers and the crowd was absolutely without shelter and far from any building.

Mrs. Daisy McLauren Stevens, president general of the United Daughters of the Confederacy, made the address presenting the monument to the President, on behalf of the women of the Confedercy. Tumultuous applause greeted her.

In a prepared address Commander-in-chief Gardner, of the G. A. R., spoke feelingly and his remarks were greatly appreciated.

Perhaps nothing showed better the perfect reunion which the years have brought than the decorating of the graves of the 1,000 Union dead with a great wreath of the Arlington Confederate Memorial Association yesterday morning.

A detachment of soldiers from Ft. Myer and a committee of ushers managed the big crowds without a hitch. An informal reception of their friends by those in the speakers' stand was prevented by the storm, but the real receptions, the greeting of the veterans, and their renewals of friendship continued even in the rain, and all over the city last night the enemies of '61 pledged the full measure of friendship which 1914 has brought.

### DEATH OF MISS HUNTER.

**Another Old Resident of Alexandria Passes Away.**

## THREE MORE DAYS FOR THE CANVASS

Hospital Committee Will Present Final Report on Wednesday.

### ADDITIONAL GIFTS.

**Desire to Turn Over $50,000, Amount Needed, During Next Few Days—Make Final Appeals.**

With only three more working days left for the hospital canvass, on Wednesday, the Executive Committee will present its final report to the Hospital Board of Managers, the Committe again appeals to everyone who intends to subscribe to the fund to send in their contributions. The earlier they are sent in, the less work will have to be done in preparing the report.

When the work is finished, so far as the Executive Committee is concerned, the whole matter will be transferred to the Board of Lady Managers of the Hospital who as a matter of course will be glad to receive every contribution that is sent in, but it would be a great thing for the City of Alexandria to be able to tell the whole world that with a small population, it has accomplished in a comparatively short space of time, work that other cities have failed to accomplish, and when successful, have taken years to accomplish the purpose.

Whether the full amount is secured or not there is not a doubt in the minds of those who have engineered to success this canvass that the additional $9,000.00 will be secured before the hospital is built.

When the women of Alexandria decide to do anything there is little doubt of their accomplishing their purpose and they have decided that Alexandria shall have a new hospital and they set the men to work to secure what they wanted and both the men and women, up to the present time, have unquestionably proven that our old town can be relied upon for any good work. It can therefore be predicted that these same hard-working, earnest and lovable women will raise the extra money before it is needed, but it would be very gratifying to the Executive Committee if they could turn over to the Board of Managers of the Hospital the full $50,000 and say to them "You see, we have done what we undertook to do." However, it would be unfair to the Executive Committee not to add that they only undertook to raise $30,000 as a minimum and they have exceeded this amount by over 33 1-3%, but they would be very glad to be able to turn in the full $50,000, therefore they again appeal to all those who have not made contributions to send them in now be they large or small and they appeal to the working people of the City engaged in the various industries to unite and contribute small sums from their various places of business so that it can be said that each and every industry in the City of Alexandria has a part and parcel in the new hospital.

While the contributions this morning only amount to $35.11 they came from sources that show the spirit of Alexandrians. $1.11 was contributed by Mrs. Virginia Chauncey an old lady who collected this sum, when it was hardly possible to suppose that her age would permit her making the effort, so it will be seen that not only the little tots of our City are interested in this great work, but that the aged are also deeply interested and are doing their utmost. Again, Charlie Lee a Chinese laundryman, has sent in his contribution of $2.00, which reminds us that Charlie Moy, who had his stand in the same place, contributed $5.00 to the Sesqui-Centennial fund in 1899, thus proving that the chinese citizens of our town are not unappreciative of the interest of their adopted City and are willing to give according to their means to commendable enterprises.

Again a contribution of $10.00 came in, from the Old Dominion Division, No. 980 G. I. A., thus adding to the list of contributions from the various organizations in our City. It is also pleasant to note that among the contributions received this morning was that of Sands & Co., which represented not only the firm but its manager and every employee.

The Mite Society of the First Baptist Church also contributed $5.00.

## LINER ANTILLA AND HER CARGO

Arms and Ammunition Aboard Furnish Crisis in Mexico Affairs.

### CARRANZA WAITING.

**Is Preparing to Govern "Republic of the North"—No Formal Reply From Rebel Expected at Once.**

Washington, June 5.—The liner Antilla and her enormous cargo of arms and ammunition furnishes the critical element in the Mexican situation today.

Carranza is believed here to be delaying his answer to the Niagara Falls mediators until he finds out whether he is to receive the arms.

Rear Admiral Mayo, with his fleet lying off Tampico harbor, expects Commodore Azueta, with the Huerta fleet comprising the Progresso, Bravo, and Zaragosa, to attempt a blockade before the Antilla reaches that port. Mayo's instructions, up to the present unmodified, are to prevent any blockade. His instructions are elastic. "Hold Tampico as an open port" was the only order sent to him. But if the Huertista gunboats attempt a blockade they will be warned to retire. If they do not, the pretense of a cessation to hostilities between Huerta and the United States will come to a sudden end.

Meanwhile, according to the constitutionalist junta here, Carranza is en route to Saltillo to establish his temporary capital, and to commence the formality of governing the "Republic of the North." At Torreon he is to confer with Villa regarding his future campaigns. According to the information obtainable here, there is little probability that any formal reply to the Niagara Falls mediators will be forthcoming until Carranza had actually proclaimed his provisional government at his provisional capital of Saltillo.

Annapolis, Md., June 5.—Confronting President Wilson when he arose on the Mayflower today en route here from Washington was an important message from the A. B. C. mediators.

While Secretary Tumulty would make no announcement concerning the contents, it was believed that the message carried with it an insistent protest from the mediators regarding the ammunition ships now speeding to Tampico.

That the message was grave was interpreted from the fact that Washington felt it necessary to send it to the President's ship. It was considered possible that the mediators demanded the stopping of the Antilla outside Tampico as the price for further mediation.

# PLANS FOR HIGH SCHOOL

### City Engineer Dunn Exhibits Drawing to Members of School Board Last Night.

The plans for the new high school building of Alexandria, to be erected on the corner of Cameron and West street, which have been prepared under the supervision of City Engineer Dunn were exhibited to the members of the city school board at their meeting held last night. The building is to be erected under the direction of the committees of schools and public property of City Council.

Every essential in such a structure has been anticipated, and when it shall have been erected it will be found to meet every requirement.

After the action of the usual routine business which comes before the monthly meeting, the boaerd granted permission to the Parents' Teachers' Association to use the grounds of Washington School during the summer as a play ground. The premises will be in charge of a directress, who will personally supervise everything, and the expense incurred will be borne by the association.

It was decided to hold commencement exercises of the High School in the Westminster Building on the night of the 15th instant.

### PRAISE FOR MANASSAS BOYS.

**Three Allensworths Are Playing Great Base Ball.**

Harvey F. Crump, manager of the Cardinal Athletic Club, has written a letter to the Manassas Democrat in which he says.

"The Cardinals of Alexandria are very proud of two former Manassas boys who are now playing sensational ball for them and it is through the good work which they the doing that the Cardinals Athletic Club is now considered among the fastest teams in this section. Douglas Merchant and George Allensworth are the two of whom I speak, the former is playing first base for the maroon gray boys and is putting up a stellar game on the initial sack batting 700 in six games and fielding 975 in six games, while George Allensworth is batting 400 and fielding 990 in center field and 1,000 at third base a position he has played during the last two games.

Before the advent of these two players the Cardinals were playing a fair game, and the singing of these two proved to be a lucky strike for the manager of the Cardinals, as they have filled the gap far better than the fondest expectations of all the players and the fans. Lest I forget, I wish to mention Walter Allensworth, who is also playing with the team; although he is not showing the ability possessed by fellow townsmen he is making rapid inroads as a twirler, winning the game he pitched by the score of 12 to 3, allowing only five hits and retiring 10 men by the strike out route.

### VICTIM OF CHECK FLASHER.

**T. J. Fannon Visited by Man Who Swindled De W. Aitcheson.**

T. J. Fannon, a wood dealer, is another victim of the same check forger who passed a worthless check on De Wilton Aitcheson, Wednesday afternoon. The transaction was similar to the one by which Mr. Aitcheson was victimized, the man ordering a half cord of wood to be sent to a ficticious address and tendered a check for $17.50 purported to be signed by Julian D. Knight, a contractor, in payment, receiving $14 in change.

### FESTIVAL WELL ATTENDED

The annual spring festival of Christ Church Sunday School was well attended last night, and "The Mistletoe Bough," and the "Crowning of the May Queen," and other features greatly enjoyed by those present. The especial feature tonight is "Lochinwar," an old time poem illustrated. It is said to be a roaring farce, and a good laugh is promised to those who attend. The crowning of the May Queen and Minuet will be repeated.

# RAIN STORM YESTERDAY

### High Wind, Thunder and Lightning Accompany Brief Downpour.

The threatening and humid conditions which prevailed yesterday were followed by a thunder storm yesterday about six o'clock which lowered the temperature considerably.

The storm raged for a time west and northwest of Alexandria before it reached this city, and is said to have been severe in those sections.

The wind, when the storm broke here was high, and many branches were hurled from trees. No serious damage, however, is rported. The rain was blinding while the short-lived storm was in progress.

Alexandrians who were at Arlington at the time, as well as all others who attended the unveiling ceremonies, had thrilling experiences. When the wind began to bend trees and the lightning was vivid with heavy thunder, there was a general stampede for the electric cars which were nearby. In less time than it takes to tell it every coach was overcrowded with many on the platforms. The great mass of humanity, having no shelter, had to face the elements, and some Alexandrians returned as thoroughly soaked as if they had fallen overboard.

During the prevalence of the storm a horse attached to a brick wagon which was approaching the Highway Bridge on the way to Washington was struck by lightning and killed. An empty box car was blown over at the Potomac Railway yards. So far as can be learned no one was injured by the storm.

# ELECTION NEXT TUESDAY

### Candidates for Board of Aldermen and Common Council Have Walkover

Arrangements for the general election to be held on next Tuesday when four members of the Board of Aldermen and eight members of Common Council will be selected have been completed by the electoral board. The election will be a very quiet one, as there is no opposition to the Democratic candidates who ware selected in the recent primary.

The names who will appear on the tickets are as follows: First ward: Board of Aldermen, Jacob Brill; Common Council, John Leadbeater and F. F. Marbury; second ward, Board of Aldermen, George H. Robinson; Common Council, C. W. Wattles and William Desmond; third ward, Board of Aldermen, Maurice Wilkins; Common Council, A. D. Brockett, and J. W. Bales; fourth ward, Board of Aldermen, C. J. W. Summers, Common Council, Nicholas J. Lawler and Charles Bendheim.

The new members of Council will take their seats on September 1st, when the two boards will organize by the election of officers.

A very light vote is expected on Tuesday, as there is but little interest shown in the election. The saloons will close on Monday evening at six o'clock and remain closed until Wednesday morning.

### MOTORING IN THE COUNTY.

**Authorities Will Stop the Abuse of the Privilege.**

Officials of Alexandria county, Va., while they have taken steps to stop the abuse of the automobile law of the Old Dominion, violated daily by some commercial houses of Washington, it is claimed, say they are not interfering with the pleasure cars operated by District motorists.

Under the provisions of the law motorists are permitted to use the thoroughfares of the State of Virginia for two periods of seven days in each year. It is not necessary, first, to secure permission from the secretary of state at Richmond, to enjoy this privilege.

Recently, however, some business houses of Washington, it is alleged, have been sending their motor trucks into the state to deliver merchandise, using the same license on different trucks at various times. One concern has sent its truck into the state from the District more than forty times without a license, according to a record which has been kept.

This is considered an abuse of the law, and it is proposed to call a halt. The law provides that each truck using the roads of the state shall be provided with a license number not transferable from one truck to another.

The charge for a license of a small car or roadster is but $5 a year, and for a car not exceeding thirty horsepower, $10 a year. Persons using the roads of the state continuously, it is claimed, should take out the annual license.

### FUNERAL NOTICE.

The deceased was a son of the late Gotlieb Kicherer, and is survived by his wife, one sister and three brothers. He was a member of Lodge 317 Brotherhood of Locomotive Engineers. Interment will be in Bethel cemetery.

**TO PALE, THIN PEOPLE.**

**Druggists, E. S. Leadbeater & Sons, Offer to Pay For Samose if it Does Not Make Thin People Fat.**

Pale, thin people are simply suffering from want of nourishment. They may eat enough, but their food is not properly digested and does them no good.

Samose, the remarkable flesh-forming food should be used by all who are pale, weak and thin. It mingles with the food and aids assimilation so that when taken for a short time Nature will soon assert her normal powers, and the food that is eaten will give strength and good flesh.

The woman who longs for rosy cheeks and the plumpness of beauty should use Samose. The man who wants to be strong and well and gain health and good flesh, will find his desires accomplished by Samose.

Such remarkable results have followed the use of Samose that druggists, E S. Leadbeater & Sons, are willing to pay for the treatment if it does not give the desired results. They make this offer generally and want all who are thin, weak out of of health to get a box of Samose from them on those terms.

## MISSION OF LIFE AN ENIGMA TO EVERY MAN.

There's a divinity that shapes our ends,
Rough-hew them how we will.

William Jennings Bryan, Secretary of State, speaking on Wednesday afternoon at the open-air graduation exercises of Howard University, Washington, gave in effect a little autobiography of his entrance into political life in his address on "The Measure of Greatness."

"We cannot always tell the kind of service we will do," said Secretary Bryan, "I had several ambitions myself. I commenced with a desire to be a Baptist preacher. Before I was six years old I wanted to be a farmer and raise pumpkins. Later I thought I would be a lawyer.

"I practiced while in Illinois and then went to Nebraska at the age of twenty-seven. I got into politics by accident and stayed there by design."

Mr. Bryan being a Presbyterian must realize that

Man, tho' limited
By fate, may vainly think his actions free,
While all he does, was at his birth,
Or by his gods, or potent stars ordain'd.

The mission of life is an enigma to every man. Fancy's baubles dance before us in childhood, but we drop them one by one as plaything as we develop, and the positions we eventually fill in life are entirely different from our earlier dreams.

Biography is an interesting and profitable study. The ruddy David when watching his father's flocks never dreamed that he was to be a great king and the sweet psalmist of Israel. Elisha was taken from the plow to be the successor of the Tishbite who was translated. Catharine of Russia had no dreams in her childhood days that she was to become so conspicuous a figure in the history of her country.

We are told that when the Empress Josephine was a young girl on the island of Martinique with humble aspirations, a fortuneteller set her giggling by telling her she was to be a queen, "and a great queen."

Captain Cook was born in a mud-hut in England, Lincoln split rails, and Garfield drove mules on a canal. Sherman was a shoemaker, and Benjamin Franklin a juvenile tramp in Philadelphia with a two-penny loaf of bread in his pocket. Neither had any idea of their final windup.

According to an old saying, "There's always plenty of room on top," but there's a fate which appears to put those intended on top, while thousands fall at the base in frantic attempts to reach pinnacles never intended, it seems, for them.

## PRAISE CARLIN AND MONTAGUE.

The Richmond Times-Dispatch had a very complimentary editorial yesterday on the speech made last week before Congress by Mr. Carlin, of this city, and Mr. Montague, of Richmond. It says that "two of the finest speeches made in the House on the pending anti-trust legislation were made by these two Virginians."

Representatives Carlin and Montague have both proven most serviceable to the administration in the discussions on the anti-trust bills, and have well lived up to the standard set by others of the Virginia delegation in the House. The support Virginia has given the Wilson administration is most creditable to the State and pleasing to her people.

## HOBSON NOT COMING TO ALEXANDRIA.

We congratulate the leaders of the prohibition movement in Alexandria in not securing the services of Representative Richard P. Hobson, of Alabama, to make a speech in this city in favor of the state-wide movement. An opportunity was given them to secure his services but they did not think it advisable at present to have him come here. Hobson has been thoroughly discredited in his own State and his own state has discredited the prohibition movement by reversing its first action. But the greatest reason why Virginia does not need Hobson is that the people of the state are able to reach their own conclusions on the prohibition question without resource to outside influences. We remember that Hobson made a speech in Alexandria some four years ago in which he predicted war with Japan in two years. In view of the failure of this prophesy we are certainly unwilling to have him tell us what is going to happen if the state goes dry.

### May Name National Park.

Washington, D. C., June 5.—Congressman James Hay of Virginia, chairman of the house committee on military affairs, states that the prospects seem good for the government purchasing the farm near the battle of the Crater for a national park, if the price can be made right.

This farm and the battleground are near Petersburg and the committee just referred to has made a favorable report to the house bearing on the matter of making a purchase.

Mrs. Noah Walker, sister of Mrs. George W. Zachary, of Del Ray, Alexandria county, died at 5 o'clock yesterday afternoon at her home in Baltimore.

### LEESBURG SHOW HORSE.

**Storms Interfere With Last Days of Exhibition.**

Leesburg, Va., June 5.—Yesterday's exhibition of the local horse show was held under drab skies, with costumes in keeping with the weather. Wednesday the riders and spectators alike suffered from the dust. Wednesday night a thunder shower settled that trouble, and yesterday the onlookers were driven to cover by intermittent showers, and in the afternoon the thousand or more people gathered were treated to perhaps the most drenching rain and wind storm seen in Leesburg for many years.

In the ladies' park hack class Mrs. J. B. Bayne, of Washington, carried off the blue with Morning Glory, a mare that has been winning consistently. Mrs. William F. Hitt won the blue in the ladies' hunters' class, riding Nansy Pansy, while Mr Hitt and Mr. White won for the Homewood stables in the pair hunters' class with David Gray and mate.

### Richmond Banks Merge.

Richmond, Va., June 5.—Stockholders of the Main street Bank yesterday gave unanimous approval to the merger of that institution with the Broadway National Bank, which tomorrow morning begins business at Fifteenth and Main streets, as the successor of the Main Street Bank. It will have assets of $500,000 and will be a member bank of the Federal Reserve Bank to be located here. H. N. Phillips will be president.

Col. Frank Markoe, veteran of the Confederate Army and for many years commander of the Fifth Regiment, Maryland National Guard, died last night at the home of his son, John S. Marboe, Monkton, Md. Death was due directly to pneumonia. Colonel Markoe was born in Washington 74 years ago.

O CORN-LESS JOY!
"GETS-IT" FOR CORNS

**Nothing in the World Can Beat it for Corns and Calluses.**

Now try the different way, the new way, the absolutely sure way, the painless way of getting rid of those corns that have pestered the life and soul out of you for such a long time.

Drop everything else and use "GETS-IT." A few drops applied in a few seconds does the work. Useless junk, like flesh-eating salves that make corns swell, cotton rings that make corns stand up like pop-eyes, razors, corn-diggers, scissors, and files that make corns grow faster, are all done for. "GETS-IT" is on a new principle, makes corn shrivel, vanish! It can't stick to the stocking, or hurt the flesh.

### REVISION OF CODE.

**Court of Appeals Will Name Ten for Work.**

Richmond, Va., June 5.—Within its present term, which is being held in Wytheville, the Virginia supreme court of appeals will recommend to Governor Stuart a list of ten names from which, according to the provisions of the act creating the state commission on revision of the code, the governor will select three, which they will constitute the commission.

Among the ten names which in all likelihood will be recommended by the appellate court it is believed that of Richard B. Davis, of Petersburg, former assistant attorney-general, will be prominent. It is also thought probable that Thomas R. Keith, of Fairfax, of the law firm of Moore, Barbour, Keith & McCandlish, will be on the preferred list selected by the supreme court, as will also Henry C. Riely, of the law firm of McGuire, Riely, Bryan & Eggleston, of RICHMOND.

Among members of the Virginia bar who have received handsome endorsement for places on the commission to revise the code is Winston Reed of Newport, News. Former Governor William Hodges Mann has also received strong backing for a place on the commission, although it is not known whether he would accept.

### After Moonshiners.

Roanoke, Va., June 5.—Reports coming to revenue headquarters here show that field deputies continue their operations in different parts of the district. Deputy Collector H. L. Ford and Special Employe S. W. Martin, operating in Patrick county May 27, got a complete outfit, including a 101-gallon copper still, cap, four fermenters and other minor accessories.

Deputy Collector J. P. Hurt and Special Employe D. L. Forlines, who have been operating in Wise county recently, report the seizure of a complete outfit in the Pound section of Wise county last week.

Special Employe O. T. Wood found a copper still buried in the ground near Seneca. Campbell county, last Tuesday, and destroyed all other paraphernalia belonging to the outfit. This is the second plant destroyed in Campbell recently.

About forty plants were taken in the Sixth district during the month of May, and the percentage of copper equipmen was higher than usual. than usual.

### Suicide in a Hotel.

Norfolk, Va., June 5.—With the window and transom shut tight and the gas from a radiator turned on, Charles W. Kinley, living on Mount Vernon avenue, Port Norfolk, was found unconscious in bed in room No. 3 at the St. Dennis Hotel early yesterday morning. He was sent to St. Vincent's Hospital, but was dead before he reached there. His body was carried into the hospital morgue where it was viewed by the city coroner.

### NEGRO ACCUSED OF MURDER.

**Is Alleged to Have Killed Reuben Jones, a Negro Farmer.**

Suffolk, Va., June 5.—Calvin Askew, colored, charged with the murder of Reuben Jones, both of Nansemond county, has been arrested and lodged in Nansemond county jail.

Jones, a respectable negro farmer of near Nurney, disappeared on Thursday of last week. He left the home of Calvin Askew ostensibly to walk to Nurney to take an early morning train, about 10 o'clock Thursday night.

Calvin Askew is alleged to have accompanied him. Jones' body was found Saturday by some small boys in a shallow swamp not far from Harrell's siding, about 150 feet from the Atlantic Coast Line Railroad.

### BIG APPLE CROP.

**Prospects in Virginia are for an Abundant Yield—Will be Late.**

Charlottesville, Va., June 5.—Mr. Walter Whately, of Crozet, this county, secretary of the Virginia State Horticultural Society, has just made public his first report on conditions and prospects for the Virginia fruit crop. He says in part Owing to the lateness of the spring, all fruit crops are later than usual this year, both in Virginia and other States. The general prospect is for a large apple crop, both in Virginia and the other principal apple producing States, and also in Canada. Peaches are reported to have suffered very severly north of Virginia, but here and south of us there is a good crop. The pippin crop is generally much lighter than last year, except where trees did not bear much.

A heavy drop of some varieites is reported as now in progress in some localities heard from and this may quite possibly be general. However, many reports say trees are so heavily loaded that thinning will be necessary unless a considerable number drop off.
